SUMMARY

Passionate and results-oriented Web Developer with a strong foundation in front-end and back-end development. Experienced in creating dynamic, user-friendly websites and applications. Adept at working in fast-paced environments while collaborating with cross-functional teams. Looking to leverage my skills in a challenging role to drive business growth and user engagement.

EXPERIENCE

Junior Web Developer

ABC Tech Solutions – New York, NY

Jan 2023 – Present

- Collaborated with the design team to develop responsive websites using HTML, CSS, JavaScript, and React.
- Implemented RESTful APIs and integrated third-party services to enhance website functionality.
- Improved website performance by 30% through code optimization and the implementation of caching strategies.
- Created custom WordPress themes and plugins for client websites.
- Debugged and resolved website issues, reducing downtime by 15%.

Web Development Intern

XYZ Creative Agency – San Francisco, CA

Jun 2022 – Dec 2022

- Assisted in building fully responsive web applications using HTML, CSS, and Bootstrap.
- Worked closely with senior developers on eCommerce websites using Shopify and WooCommerce platforms.
- Developed reusable components using React and improved the site's performance by optimizing JavaScript.
- Created user-friendly admin dashboards for client websites.

EDUCATION

Bachelor of Science in Computer Science

University of Technology – San Francisco, CA
